

MSOLA Journey towards Integral Ecology

Prayer N° 35
October 2025

▼ SITUATION

COP30, which will take place from November 10 to 21, 2025, in Belém, Brazil, comes at a crucial moment for humanity and the planet. The world is facing an unprecedented climate, social, and ecological crisis. Record heat waves and natural disasters are multiplying, worsening inequalities, and threatening the most vulnerable. Current policies and dependence on fossil fuels are leading to global warming exceeding +3°C. COP30 encourages a global commitment to climate justice and a just transition. It calls for a change in our ways of producing and consuming in order to protect life in all its forms. It reminds us that the Earth is not a resource to exploit, but a common home to preserve. This conference is a universal call to responsibility, solidarity, and peace with creation. Every nation and every person is invited to move from words to action so that the planet may remain habitable and fruitful for present and future generations.

REFLECTION

To awaken our commitment to peace with creation means to give birth to a personal and community awareness that moves us to live in harmony with ourselves and with nature, in a spirit of respect, gratitude, and responsibility toward all of Creation.

THE WORD OF GOD PSALM 104

THE WORD OF THE GOD:

“The Lord God took the man and put him in the garden of Eden to till it and keep it.” Genesis 2:15

“I came that they may have life... and have it abundantly.” John 10:10

ACTION

In community, and through a Conversation in the Spirit, share what activities or concrete actions you have carried out during this Season of Creation and beyond.

You may send us the fruit of your reflection in a short text of 5 to 10 lines.

PRAYER

Creator God, thank you for the beauty of your work: the forests,
the rivers, the birds, and every life, reflection of your love.

Forgive our indifference that wounds the Earth and the poor.

Give us a humble heart to listen to the cry of the Earth
and the cry of the poor.

In this time of preparation for COP30, enlighten our leaders:
may they choose life, justice, and peace.

Holy Spirit, renew our hearts and our ways of living
in simplicity and solidarity.

Mary, Mother of Creation, accompany our steps
toward true ecological conversion.

May our daily gestures become prayer
and a song of hope for the world.

Amen.
